APPLICATION NUMBER: 18/04392/REG13

ADDRESS: Stall 36, Guildhall Market

PROPOSAL: Reinstate and repair works to stall 36 (Regularisation)

CASE OFFICER: Caroline Waldron

DATE: 8 October 2018

COMMENT: SUPPORT

Bath Heritage Watchdog supports this application.

We objected to the alterations made by the previous tenant to the stall and it is disappointing that those unauthorised alterations were not dealt with by enforcement.

However, we are now pleased to see the proposals to return the stall to its previous design and hope that a tenant will soon be forthcoming.

We note that the application is stated to be retrospective but a site inspection has confirmed that it is not. This should be updated on the system for clarity.
